

Meet the Chair of the Foundation, Sarah Boss!

Sarah and her family (which includes several horses, a small cattle herd and laying hens) reside on their new hobby farm in Upper Onslow. Sarah is the Branch Manager at RBC Truro. She joined the Board in 2018 when she moved to the community, having previously been a member of the Cumberland County Health Care Foundation.

Sarah knows that “a thriving health care community is vital to a thriving community as a whole and the foundations play such a huge part in that, and in so many more ways than just financial- the work that the foundation does helps to bring the community together.”

When she gets off the farm Sarah and her family like to downhill ski as family or enjoy a good meal at one of our local restaurants.

FUN FACT – “I love riding roller coasters- I get nervous during the wait in line but love the rush once they start moving.”

“Knowing that we are working to provide services to our community that wouldn’t exist otherwise is incredibly rewarding and why I chose to be a part of the Foundation Board.”
